

Do you own a dog with idiopathic epilepsy?

RVC needs participants for a trial investigating behavioural therapies for canine epilepsy

What's involved?

- 🐾 Keeping seizure and behaviour diaries for six months
- 🐾 Completing a short online questionnaire every two weeks
- 🐾 Two online video calls
- 🐾 Following some simple behaviour advice for your dog for three months
- 🐾 Non-invasive collection of your dog's hair at three time points

More information: <https://www.rvc.ac.uk/research/projects/reset>

Who can take part?

UK-based owners of dogs:

- 🐾 Any breed, aged **1-10 years**
- 🐾 Diagnosed with **idiopathic epilepsy**
- 🐾 At **least** three seizures in the last three months
- 🐾 Medication regime is currently consistent

How do I get involved?

Please complete this questionnaire and we will get in touch:

https://www.surveymonkey.co.uk/r/RESET_registeryourinterest
